Raised Bed Blend

Below are recommendations for creating a well balanced raised bed soil blend for vegetable or flower beds. To determine the amount of soil you need, simply multiply the length x width x height of the beds. This will give you the cubic feet of soil that you will need. The numbers in each column represent the number of bags needed.

Raised Bed Sizes	Rose Mix 1.5 cu.ft.	Gold Rush 2 cu.ft.	PayDirt 2 cu.ft.	Top Soil 1 cu.ft.	Earthworm Castings 1 cu.ft.
16 cu.ft.	6	2	1/2	2	
24 cu.ft.	8	4	1	3	1/2
32 cu.ft.	10	4	2	4	1/2
48 cu.ft.	16	7	2	5	1
64 cu.ft.	20	8	4	7	1
80 cu.ft.	26	12	4	8	1
96 cu.ft.	32	15	4	9	2
112 cu.ft.	38	18	4	9	2
128 cu.ft.	44	20	5	10	2
